COMPANY PROFILE

Valiant Investments is an investment vehicle that will make strategic investments in listed and unlisted companies. The Company has already identified two investment opportunities in the natural resource sector and is currently in the process of completing its due diligence.

Valiant will also look to develop a financial media arm through the launch and acquisition of strategic websites. Currently the Company owns one website, which it plans to launch within the next three months, and has identified an opportunity to acquire and develop an established financial forum website.

The directors believe that the experience they have in the operation and development of mining exploration companies, and in that of financial media, coupled with the financial backing of its largest shareholder, Sunvest Corporation, will enable the Company to successfully implement its business and growth objectives.
